Didn t everyone warn you about the quiet ones? Weren t they supposed to draw you in with all the secrets and mysteries that they held? Well, it was working. She was definitely interested. Autumn Leaves is one of the four girls that Kent and Lori Snow adopted. The girls were all born in the same year and grew up close-knit. But growing into an adult can wreak havoc on any relationship. As the girls enter their second year of college, sparks fly, and Autumn finds it hard to keep her family together. Can each of the four girls forget the pain in their past and learn to forgive in order to be ready for the change in their lives that is just ahead? Will tragedy bring them closer or just rip them apart?.
